

CRIME LABORATORY JOB FAMILY

CAREER PATH

Forensic Laboratory Manager

This managerial position is accountable for assisting the Director and Assistant Director in overall management of the Crime Laboratory Division and remote laboratories, as well as quality assurance of programs or processes within one or more specific areas. An employee assigned to oversee quality assurance is accountable for reviewing, evaluating, and recommending changes to the forensic analytical, reporting, and testifying activities of the Crime Laboratory Division to ensure ongoing compliance with accreditation requirements. This position exercises considerable independent judgment and discretion in contacts with subordinates, the public, and personnel from federal, state, local, and private agencies. Work is performed under minimal direct supervision with considerable independent judgment, decision-making, and discretion required. Employee supervision of lower-level staff includes hire recommendations, training, planning and assigning work, performance assessment, coaching, and progressive discipline. In addition, employees are expected to have the knowledge and skills to review the work overseen.

Knowledge, Skills, and Abilities

Thorough and comprehensive knowledge of and the ability to demonstrate understanding and successful interpretation, explanation, and application of all assigned areas of the crime laboratory, as well as the laws, principles, and practices as they are related to implementation within the agency.

Thorough and comprehensive knowledge of and the ability to demonstrate understanding and successful interpretation, explanation, and application of the agency's policies, procedures, rules, and regulations in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate successful use of computer equipment and associated software/databases in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate successful operation and use of designated crime laboratory equipment and associated software systems in the performance of duties.

Comprehensive working knowledge of and the ability to demonstrate understanding and successful use of the principles and practices of project management techniques in the performance of duties.
